Each year, the association hosts or participates in events around the world. Existing INBA members contribute valuable insights and knowledge through various modes and means of expressions facilitated by INBA. We help broaden our member's perspectives and help them exchange views through online forums and partnerships with the best organizations globally.

# ABOUT CONFERENCE

---

The unique advantage of INBA Annual Conferences are the physical networking and business development opportunities that they provide for both individuals and firms. They are a chance to make new contacts from across the globe, as well as to maintain existing relationships and catch up with old friends.

In recognition of this, you will have a networking session where you can meet individually and interact at a private table. During this pandemic situation we have managed to make our overseas delegation comfortable through Artificial Intelligence powered software to meet the colleagues and grow business networking.
